#### AllOnWall Series

The High-tech Solution for Wheel Alignment

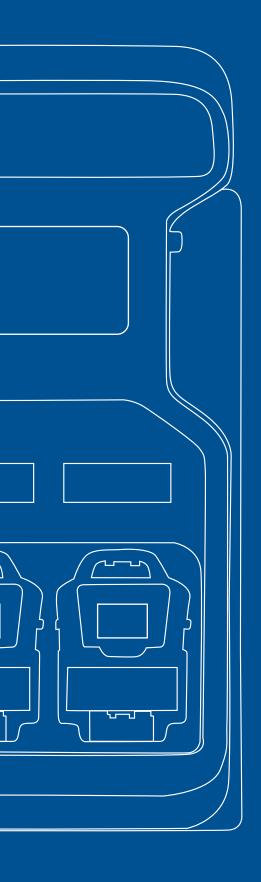

RAV 3D2.0WALL

# Space-saving design:

wheel alignment operations are performed with maximum flexibility and without space occupied by a console, a data transfer tower or a PC

#### **Fully wireless:**

the sensors and tablet communicate via Bluetooth connection

# Accurate precision:

upgraded 3D measuring heads with HQ resolution

The AllOnWall series allows you to have all that is necessary for performing wheel alignment operations to be placed on a convenient wall-mounted panel, in this way freeing up useful space in the workshop.

All alignment activities can be controlled from a 10" tablet that the operator can carry with him or place on the lifter during adjustment thanks to the built-in magnets.

The aligner boasts a well-tested measuring head technology with HD cameras and Real 3D target that is fully wireless with Bluetooth transmission.

LCD display for primary information

Remote control function

Five keys for software navigation, also remote controllable

LED repeaters to assist recording

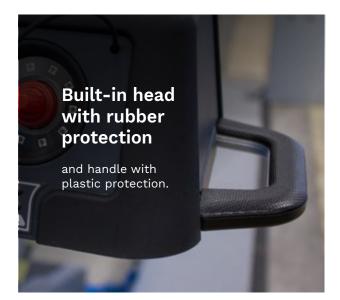

5MP resolution for measurement and compensation of the lifting platform level

Only one head installation position to measure different wheelbase vehicles

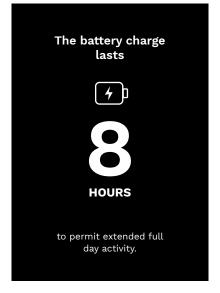

Weight 3 kg

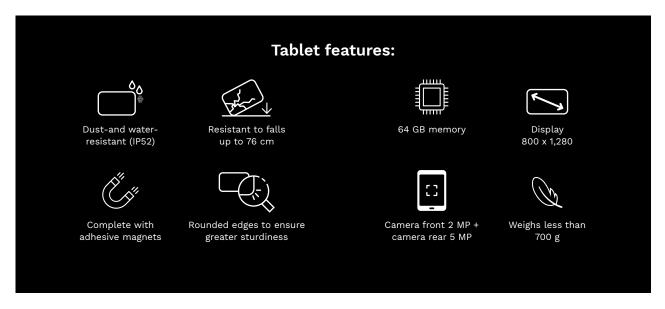

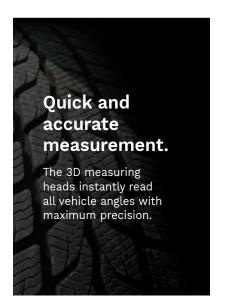

The charging stations are fitted with magnets so that the batteries can be positioned precisely while always indicating proper charging operation also due to the LED indicator.

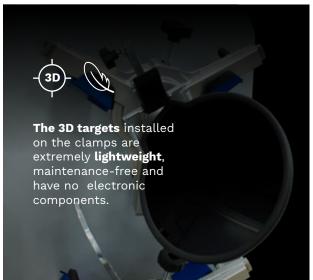

The four supports of the clamps of the Light models can be also secured to the lift columns to have them near to the vehicles wheels. (Fastening kit of magnets needed - Item no. STDA165).

## More efficient workshop in terms of space and operations:

**NO OBSTACLE**Maximization of the available workspace.

RAPID WORK
Always perfect
transmission signal.

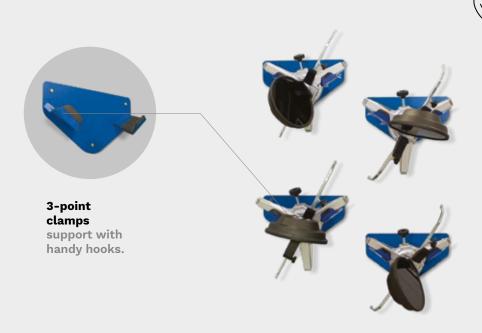

MINIMUM EFFORT No run out compensation.

One aligner for multiple working bays.

## **Light version**

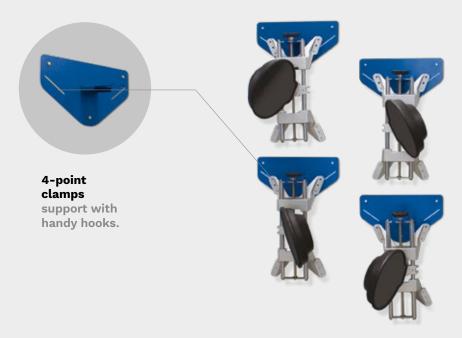

Console.

Weighs less than 14 kg.

Model RAV3D2.0WALL.3S

Model RAV3D2.0WALL.4S

### **Large version**

Charging stations for two batteries fitted with magnets.

Tablet with 10" 800 x 1,280 multi-touch display complete with adhesive magnets. Rechargeable on the panel.

3D measuring heads storage housing equipped with rubber impact-resistant matting.

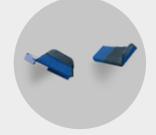

#### Model RAV3D2.0WALL.3L

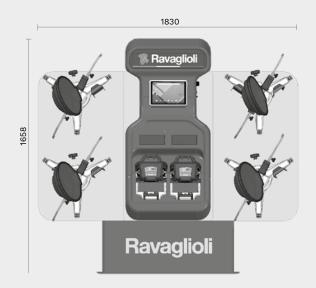

Registered Community Designs: 009046683-0001; 009046683-0002; 009046683-0003

#### 3-point clamps with handy hooks fitted with impact-resistance rubber.
